

# Hybrid Design Mix Map

Online

Face-to-Face

Other

**Instructions:** Within each circle, list course elements or learning activities (e.g., weekly discussions) that will take place in classroom meetings, online or in other ways (e.g., experiential learning) that are neither in class nor online. Then draw arrows to show functional connections between each element and one or more other elements. For example, if there is a weekly quiz, does it cover assigned readings or lecture videos?
